Yes, I have talked to all DRMS people who had anything to do with it, met and asked Todd. I have talked with miners who worked in the GK, and the only photos to date are surface.

It's possible the historical / mine museum people in. Silverton might have something.

Levin is wondering if we've checked with DRMS Kirsten Brown for photos of the GK adit. He thinks she was the DRMS PM for closure and might have some photos of prior conditions.
